Dear Mr. Fitzwater:

Reference is made to your letter of June 25 and the Agreement covering traffic management at CIA. The Agreement is satisfactory with the Department except for the following:

Article I

- 1.a Last paragraph - The Department must insure that the arrival and departure rates for each entrance are not exceeded by any long term changes in traffic patterns. Therefore, I request that the following paragraph be substituted in the Agreement.

"It is understood that changes in roadway traffic volumes may occur, however, if these changes alter the basic intent of the foregoing, then the CIA will be required to install the additional lanes noted in 1.c."

- 1.b Substitute District Engineer, Northern Virginia District, VDH&T, for Regional Administrator - - -

- 1.c Seventh line - change "and" to "or"

Article II

- 2.b Delete the word "arrival".

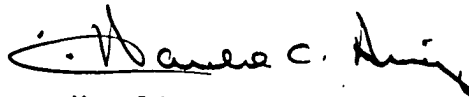

Mr. Harry E. Fitzwater

These changes provide the Department with the assurance needed should the traffic management system be unsuccessful. I hope they meet with your approval and I will be glad to execute the Agreement once it is revised.

Sincerely,
